Holy hot batman!!!! Well as I write this for the second time (my computer died and I hadn't saved the first draft, lesson learned) I find myself wilting in the heat. Although I am grateful to not be in the southwest with the 120 degree plus!

Buggies-N-Blues has come and gone. I was happy to see there were so many Pioneer Club cars there but I was disappointed that the parking got messed up and the club cars were all split up but maybe some year we will have it all figured out. The day itself was a great day for a show with perfect weather. The T-build went very well too. No new records were set, but we had many laughs from the audience and the build team had some great laughs ourselves. It was also very nice to have a set of bleachers for the crowd to sit on.

The Medora show was wonderful once again, and the weather did hold out until the end of the day, with just a few sprinkles coming as we were finishing the parade. About an hour later however the heavens opened the flood gates and down the water came canceling the musical and the awards presentation at the theater. The members that were there did very well in their classes and brought home many trophies. The PAC was one again able to bring home the traveling trophy as well for having the most club members and their cars there, way to go PAC! The Dakota Western Auto Club was also very grateful for our help both pushing cars into the winners circle on Friday night and for parking cars on Saturday morning. I would also like to say thank you to all the club members that came early to help.

They were also very happy that we were able to bring the T-build this year. We definitely didn't have any record breaking times but was one of the best days for the show thanks to Don Roloff. We even took the T apart as part of one of the performances, and the people came early to watch that. It may just become part of the act... who knows.

There will be a group of representatives going to the next Missouri Valley Historical Society meeting to discuss the club's future plans. They will be presenting the plans for approval of the new "sales office" that Don Roloff has designed. Other upcoming events that we need to put on your calendars are the Roughrider make-up show on July 14th and remember that they are still giving away all the same prizes as last time, The Knights of Columbus have a show at St. Mary's High School on July 20th, PAC steak fry is Aug. 4, and the Corn Feed on August 18 (which we will be needing volunteers for again).

The next PAC meeting will be at the **Baptist Home** at 1100 E Broadway, Bismarck at **6:30** on July 18th!
