BUCKSTOP JUNCTION

Jerry Zimmerman
jzimmerman@bis.midco.net

Holy cow, where has time gone, I can't believe we are less than a month from Acres of Iron. The show planning has been going well and it looks as if everything is in place right now. The club will be selling refreshments (pop and water) at the show but there will be no food sales by the club. We also have many door prizes for participants; however, we can still use more, so please ask around at local businesses and see what you can get and bring it to the next meeting or the show. Just in case anyone has forgotten this year Acres of Iron is in the Gateway Mall parking lot just to the west of the Paradiso over flow parking.

With the arrival of "spring" means that work will resume on the new Car Lot and building that the club has been planning and designing for the last few year. It is looking like everything is coming together quite well and it will be a great addition to the club. I have also heard that the Buckstop Junction board is very excited to see the new edition. With any luck and some dry weather I'm hoping to see the dirt work completed by our May meeting.

At our last meeting John Baepple announced that he will not be able to continue the yard work and grounds keeping at the gas station. It was agreed that the club will all join in at the next meeting and do it together. With many of us pitching in it shouldn't take too long. I would like to thank John (and Betty too as I know she helped out) for all the hard work he has put in over the summers.

Mark Engwicht is planning a dinner cruise for Tuesday May 13th to Wilton. He has some great ideas for future dinner cruises though out the summer, it should be fun! While we are on the cruising topic I'm looking forward to a summer of drives with fellow club members. In June we are having the Motor to Medora, in July the club will be doing the T Build in Velva and that will be a very nice run. These are just two off the top of my head plus the monthly dinner cruises. Our next meeting will be at **7:00**, yes that is right, **7:00pm** on May 15th at Buckstop Junction. See you then and don't forget your gardening gloves!
