### **BUCKSTOP JUNCTION**

Jerry Zimmerman  
[jzimmerman@bis.midco.net](mailto:jzimmerman@bis.midco.net)

Well we have made it through Halloween, which means the "Holiday Season" is now upon us. Although I have a hard time talking about Christmas this early (it's still October as I write this), we will be having a very exciting and productive Christmas party. First we need to name the new car sales office and lot that has been finished by the club. So here is the deal, we will be excepting name suggestions up to the week before the Christmas party. At the party when you check in each member will get a ticket to put in the bucket corresponding with the title you want to vote for. At the end of the night we will count the votes and announce the new name.

Now for the second event of the evening during the Christmas party. 2015 is the Pioneer Clubs turn to be on the Buggies-N-Blues shirt. We will need to choose 2 club member cars for the shirt design. All nominations for cars to go on the shirt design should be given to one of the officers or emailed to [info@pioneerclub.com](mailto:info@pioneerclub.com). These nominations must be in by the November meeting. At the November meeting we will narrow down the choices to 10 cars. Now to the Christmas party. Each member will be given a second ticket to vote for the car they would like on the shirt. The top two most popular will then be used for the shirt design.

The member of the year will also be unveiled at the Christmas party. If you have a person you would like to nominate for the member of the year please contact Sam Wangler or Joe LaFave. The committee will then make their choice and announce who the member is at the party.

And lastly the Christmas party, in case any of you have forgotten, is December 12, at the AMVETS in Bismarck. The cost this year is \$20 per person, and don't forget to renew your membership at that time as well.

Kari and I got a chance to go to Dickinson to see Carl F.W. Larson's presentation on the Pebble Beach show. Any of you that have had a chance to see one of Carl's presentations knows how thorough and informative they are. We really enjoyed. Carl stated that he would be will to come to Bismarck to give the presentation if we would like. I would highly recommend that if anyone gets a chance to see this they do so, and perhaps we can find a time this next year to have him give the presentation.

The next meeting will be held 7:00 November 20<sup>th</sup> at the Naasz residence, 4123 Bayport Place in Mandan.
