The Presidents Corner

It is that wonderful time of the year as the summer is winding down that we all find ourselves cleaning out our shops and garages to make room for the classic cars for the winter. If you are like me, as you are organizing and cleaning you find all kinds of parts that you have been moving around for years. If you are tired of moving those old parts or automobilia that you just don't have room for around anymore, bring them to the PAC auction in October. The auction will be held at Riverwood RV in place of the October meeting. This auction is open to all to come and sell and bid, so tell all your car buddies who aren't in the club. We are very excited for the auction this year as we have not held it the last couple of years.

Once again it was a very successful year for the Corn Feed at Buckstop Junction. The crew on the grill kept a great pace with the burgers and brats. I must say all I heard was how great our burgers were. Unfortunately, by the time I had a chance to grab one we had sold them all, and I believe that was around 200 burgers! Way to go cooks! The car rides were also a wonderful addition and huge draw as they have been in the past. I know I am missing at least two of you who were giving rides in your vintage cars, but thank you to Steve Ellefson and Rick Setterlund and everyone else who gave rides in your cars. I really feel that the car rides are a nice touch that is unique to our club. People really appreciate it and enjoy them.

As the tradition goes, a small group of us headed south to Kool Deadwood Nights at the end of August. This is one event that I would highly recommend to anyone who hasn't ever gone. One of my favorite parts of the weekend would always have to be the Thursday night Sock Hop with the "Twist" contest. Although my Twist partner and I didn't make the cut, it was still a blast to get out on the floor and shake our tail feathers. The Judged show on Saturday morning was amazing with something for everyone. There were true "Rat" Rods, Traditional Street Rods, High Tech Hot Rods, Cool Customs, Original Unrestored, and some of the nicest restorations I have seen. If you can't find at least one car or truck at the Saturday show that catches your eye you are not a real auto enthusiast. Combine the cars, cruising the beautiful Black Hills and hanging out with good friends, and you have three days that you will want to go on for a lot longer. Oh, yes, and you can't forget the all the free concerts. To say I had fun would be an understatement.

Our next meeting will be at Buckstop Junction, on September 20th.

Old Business

1. Steak Fry: August 5. It was a good day with the dam tour, fish hatchery tour, and dinner at Roloffs. Thanks to Don & Diana Roloff for hosting the dinner. We charged \$15/person but the event cost us \$25/person. Think about boosting price next year.
2. Meddy Bear Car Show: Decided not to do Meddy Bear this year. Jerome Z. contacted Medcenter One Foundation to let them know. It sounds like the plans for the usual parking lot have changed. We said that we'd let them know when/if we could do another car show in conjunction with them.

Committee Reports

1. Communications: Kari Zimmerman, chair. Nothing new.
2. Model T Build: Steve Ellefson, chair. Got check from Eureka. Need to distribute gas and build money to participants.

5. Buckstop Junction: Jakes Auto Glass donated glass and cut it for broken window pane. Pat Fricke is going to the Buckstop Junction grounds committee to discuss the used car parking lot. Those who help are invited to Steve and Jo Ellefson's for dinner afterwards.
