BUCKSTOP JUNCTION

Jerry Zimmerman
jzimmerman@bis.midco.net

Hello, fall. It's been a year...how've you been? Just in case any of you haven't noticed school is back in session, football has started, Kool Deadwood Nights has come and gone, and there is only a hand full of shows left. If it weren't for the heat and spring like thunderstorms I would think that summer is just starting not finishing. So remember old man winter is just around the corner, get the cars out while we still have these warm beautiful days and enjoy this wonderful fall weather.

Now let's get down to business. First off I would like to thank Mark for covering the meeting at Buckstop during the Corn Feed. Thank you as well to the club for approving the lease/security agreement. I can now proudly say that we have extra keys for the gate at Buckstop and there is now a formal agreement between PAC and MVHS. Also we have started construction of the Sales office on the car lot.

It has taken a lot of planning and hard work and extra meetings from different committees but we are rapping up two projects that have been lingering for what seems like years. Thank you so much to everyone who put in so much hard work to get us to this point. Now having said all of that, the work isn't over yet. We are now to the point where we need all hands on deck. Don Roloff has made sure all materials and supplies are ready to roll and now is the time for the club to pick up their hammers, cordless drills and paint brushes and lend a hand to help build. Watch your email for special announcements with dates and times to help the build out.

It has been asked and will be brought up for discussion at the next meeting but until then I would like you all to think about this. The question that was brought to me was if we should donate the Car Sales Office once completed to Buckstop Junction just like the club did when we did the Gas Station project back in '93. All opinions on the topic will be welcome and heard and the club will vote on it eventually, however it may take more than one meeting to decide so be prepared just in case.

I hope everyone has had a great summer of driving and showing their cars and that you got to spend time with old friends and possibly make some new ones. And once again get out and enjoy this wonderful late summer and early fall weather we are having. There are still some great shows to drive to. But ultimately just get out there turn some wheels, kill some dinosaurs, and enjoy the time.

Then next meeting will be held at Buckstop on September 18th at 7:00.
