The Presidents Corner

Well would you look at the calendar, can you believe that it is September already!? Unfortunately that also means that summer is coming to a rapid end which for some is a very sad thing. I am having mixed emotions on this because we have been so busy we didn't get to enjoy much of the usual summer past times such as shows, cruising, taking the boat to the lake camping... However fall and winter are probably my favorite time of year so I am a little excited to see the season changing. Also for those who haven't heard yet Kari and I are expecting our first child in the beginning of November, so that has given me another reason to be excited for fall to get here.

The Corn Feed this year was a bit slower than years past. Even though the traffic felt to be about a third of what we've had in the past and we bought the same amount of food as past years we were still successful in making a profit. In the end we made around \$350. I would like to thank all members who came to the Corn Feed and worked so hard setting up cooking, waiting on the customers and of course cleaning up when finished. Without your hard work the day would have been complete bust.

Our next meeting will be 7:00 September 17th at the Hollyhock Station. At that meeting we will be discuss the plans for the new storage garage to replace the old one destroyed earlier this summer and if we should rebuild. Also we will be taking sealed bids on the old grill truck. As you know the club has voted to not continue with the grill truck plan and sell it by sealed bid. All bids will be opened first thing meeting.

Enjoy this lovely late summer weather and see you at the next meeting!
